

We've helped our members save thousands of dollars by reviewing their credit reports. Whether you have a good credit score or one that needs some help, our FREE credit review service can help to improve your credit and potentially save you money!

### *Keep the car, trade the loan!*

If your car isn't financed with us, we can look from every angle to see if we can offer you a better term or payment. With our variety of terms and payment options, it's easy for us to be competitive! There's more to look at than rate when buying a car!

### *Is it ever going to end?*

We've all probably struggled with getting in over our heads with credit cards at some point. If you consolidate those balances with a KEMBA Credit Card or Personal Loan, you can see a light at the end of the tunnel with a payment you can afford.

### *Your home is a treasure chest!*

Using the equity you've built in your home could be a good way for you to save even more money! Home equity loans work great for home projects, but they can do wonders for building a stronger financial future!
